

### **REMARKS**

On December 22, 2008 the Office issued a Restriction Requirement in the present application. The Office indicated that claims 1-7, 26-29, 41 and 46 are drawn to one invention (Group I), namely, methods and systems of notifying a user if a vaccine is administered too soon, classified in class 705, subclass 2. The Office additionally indicated that following additional groups:

II. Claims 8-10, 30-32, 42 and 47, drawn to methods and systems of notifying a user if a live virus combination is appropriate or not, classified in class 705, subclass 2 (Group II).

III. Claims 11-19, 33-37, 43 and 48, drawn to methods and systems of notifying a user of potential adverse reaction resulting from vaccination, classified in class 705, subclass 2 (Group III).

IV. Claims 20-25, 38-39, 44 and 49 drawn to systems and methods for the generation of an immunization schedule, classified in class 705, subclass 2 (Group IV).

V. Claims 40, 45 and 50, drawn to systems and methods for storage of immunization data classified in class 705, subclass (Group IV).

Applicants hereby elect for further prosecution Group I encompassing claims 1-7, 26-29, 41, and 46. Applicants have canceled the nonelected claims (claims 8-25, 30-40, 42-45, and 47-50 of Groups II, III, IV, and V), although Applicants reserve the right to file a divisional application directed to the subject matter of the nonelected claims prior to the issuance of a patent on those claims elected for further prosecution at this time.

**CONCLUSION**

An action on the merits is requested. It is believed that no additional fees are due. However, if this belief is in error, the Commissioner is hereby authorized to charge any fees, or credit any overpayment, to Deposit Acct. No. 19-2112, referencing Attorney Docket No. CRNL107715.

Respectfully submitted,
